

First To Forgive

Sometimes I'm sorry is hard to say
Our stubborn pride gets in the way
Forgive, forget that's the golden rule
Lovers are famous for bein' fools

You see it your way and I see it mine
We both feel hurt but the wounds heal in time
It doesn't matter who's to blame
When two hearts break it's a cryin' shame

(chorus)

The first to forgive is the first to be free
If I forgive you, will you forgive me
The lesson in love is live and let live
So who's gonna be the first to forgive

Your light was on the whole night through
I pace the floor wonderin' what to do
The heat of battle, we're out of control
Look at us now, it's taking a toll

(repeat chorus)

The dust settles, it's just you and me
Without each other where would we be
I'll meet you halfway as long as I live
We say I'm sorry and we both forgive

(repeat chorus)
