

# Baby Don't

You've got me wrapped around your pretty little finger  
That ain't the way it's gonna be  
You've got me runnin' all around in circles  
While you put the hurt on me  
What can I say  
I should've known better than to stay  
Well you change just like the weather everyday  
Well now girl get it together  
Get yourself together  
I can't take it no more

(chorus)

B-B-baby, Baby don't  
B-B-baby, Baby don't  
B-B-baby, Baby don't  
B-B-baby, Baby baby  
Don't love me, then leave me  
You say you will when you know you won't  
You're gonna break, break, break my heart  
Oh, baby don't

First you tellin' me to move a little closer  
Then your pushin' me away  
You're up and down like a rollercoaster  
I'm gettin' dizzy every day  
What can I say  
Well I should've known better than to stay  
Well you change just like the weather everyday  
Well now girl get it together  
Get yourself together  
I can't take it no more

(repeat chorus)

Don't love me, then leave me  
You say you will when you know you won't  
You're gonna break, break, break my heart  
Oh, baby don't
