

# Battles

Falling under attack  
Drowning in a sea of black

Every moment has it's reason  
But why me? Why now?  
I hear voices shouting treason  
But there's no one around

(chorus)  
Help, help me cross the bridge back home  
I am in this war alone fighting battles in my mind  
March your soldiers through the dark  
Pull the arrows from my heart  
Don't leave me here to die

Drifting so far, so long  
Breaking this heart of stone

Every day another battle  
And there's no way to win  
This tired armors getting shattered  
I need a friend

(repeat chorus)

Every moment has it's reason  
But why me? Why now?
