

Becky Put The Lights Out

Take off your sweater baby
Let your hair hang naturally
Just relax, turn off the lights
You'll feel much better baby
Once you put your trust in me
Believe me I won't bite

(chorus)

Becky put the lights out (Lights out)
Becky put the lights out (Lights out)
Becky put the lights out
Let's make love

Surrender to my touch
Let me let you set your mind free
Magic fingers dancin' in the dark
Your tender body's such a perfect sculptured masterpiece
Let it shine beneath the stars

(repeat chorus)

Surrender to my touch
Let me let you set your mind free
Magic fingers dancin' in the dark
Your tender body's such a perfect sculptured masterpiece
Let it shine beneath the stars

(repeat chorus)
