

Blind

And so I'm standin' here with you tonight
I hold your hand in the moonlight
Go ahead and say what you believe
I don't have to say it's right, no not tonight

Starin' softly through a spiderweb
Tangled up inside my head
Yellow street lamps are distracting me
From the nonsense I've been fed

(chorus)
Locked away in a lion's cage
Just to feel alive
Runnin' scared on a one way train of thought
Where's it gonna go
Won't you tell me 'cause I'd really like to know

The smell of rain is hangin' in the air
You wave goodbye and I just stare
I will never see things like you do
It doesn't mean that I don't care, but I don't care

(repeat chorus)

Now I'm standin' here alone tonight
No hand to hold in the moonlight
It's hard to see the world through different eyes
When you're walkin' through it blind
