

# Change

Look in the mirror  
Facing my fears  
Wondering who I am, where I have to go  
No more excuses, I'm wasting time  
Wondering who I am, where I have to go

Go don't look at the time  
Just give it a try and open your eyes and see  
All of the wants, all of the needs  
All of the reasons why  
I can't wait any longer  
Nothing's gonna fix itself

(chorus)  
Now's the time to make a change  
Talk to my reflection  
Jump right in and say  
Take a chance and turn the page  
Start a brand new chapter  
Make the change today

Don't be afraid  
Kick off your day  
Cause when you start you will work it out  
Shout, everything will be just fine  
Cause when you start you will work it out

Go don't look at the time  
Just give it a try and open your eyes and see  
All of the wants, all of the needs  
All of the reasons why  
I can't wait any longer  
Nothing's gonna fix itself

(repeat chorus)
