

# Crazy Kisses

Strawberry lips so tantalizing  
Welcome me in with a red carpet smile  
Show me a world that's mesmerizing  
The queen of my dreams, I'm the kind of denial

A slippery warm playground for lovers  
Give me a taste I can't resist  
Your mouth and mine made for each other  
Intoxication never felt like this

(chorus)  
Ooh, crazy kisses  
Waves are crashin' in a sea of love  
Ooh, crazy kisses  
Filled with passion, will it be enough

Wine flowin' from your secret garden  
I keep on tryin' to squeeze out one more drop  
If I drink too much I beg your pardon  
It's cause I'm dying every time you stop

Dangerous curves so captivating  
Rocket fire in every kiss  
Fill my cup don't keep my waiting  
You drive me crazy with those ruby lips

(repeat chorus)

The world starts spinnin' like a hurricane  
Every time your lips touch mine  
Leave me soakin' in a summer rain  
I want to kiss you til the end of time

(repeat chorus)
