

Current Affair

(chorus)

When it's midnight, call on me
And I just might be drunk enough
To do the crazy things you need
When you're ready, I'll be there
It's big news baby
You're gonna be my current affair

Hey, looky at the cookie out there dancin' by the record machine
She got some jiggle in her wiggle when she walks if you know what I mean
I could make a little time for a fine lookin' woman like you
Well they tell me that you're crazy, I'm a little crazy too

(repeat chorus)

There ain't no secrets that you're keepin' with that little top that you got on
Well I ain't what you need, but baby I'm what you want
Put me in the spotlight, let me show you what I can do
We'll get everybody talkin' and they'll put you in the headlines too

(repeat chorus)

This ain't no fake news baby
You're gonna be my current affair
