

# Cyber Sex

He sits up in his lonely little bedroom  
Wonderin' if his girlfriends are online  
Turns on his computer and gets ready  
Cause he's about to cyber sex all night

His mom has no clue of what he's doin'  
He locks the door and lowers all the lights  
Amber is online and she sounds horny  
She's probably young, but she will do just fine

(chorus)

He types hello baby tell me are you ready for some fun?  
Laugh out loud I love it when you role play as a nun  
Should we cam to cam or should we not and play our luck?  
It really doesn't matter because he just wants to...

Logs into his favorite online chat room  
Finds some naughty girls who say they're bi  
Asks for them to email him some pictures  
And hopes they're not some 40 year old guy

They instant message each other for hours  
With his free hand he types dirty things  
He downloads a sexy song from iTunes  
Then wipes a little plasma off his screen

(repeat chorus)
