

Fantasy

I know that you say that you don't want me around
There's nothing I can do to change your point of view
Your friends say there's no chance of my happy ending
Please try to understand that all I want is you

Since I found a way to have you
Everything has been just fine
Now I finally get to have you
Anytime, all the time
I just close my eyes

(chorus)
And you're my bitch in my fantasy
You're always naked and I do you every night
You're the star of my imagination
Tied to the bedpost in the corner of my mind

Come close the time has come I'm building up inside
You'll give me everything until the end of time
Expressing my internal love, exploding in my dreams
Funny, but in make believe I make believe you're mine

Since I found a way to have you
Everything has been just fine
Now I finally get to have you
Anytime, all the time
I just close my eyes
