

Ghost

Do you remember who I am?
I'm the guy who loves you
But you could give a damn
Do you even know my name?
In dreams I'm calling out to you
But you never look my way

(chorus)
I'm so alone
Hiding in the shadows of a place we once called home
Trying to let go
Of the memories that tear apart my soul

Holding all tears inside
Choking on my silent cries
Haunted by these endless nights
Come rescue me

Emptiness is in my eyes
Living my life in disguise
Even I don't recognize
This ghost of me

How did I get here?
Staring at the front door
Wishing you'd appear
It's a cold and empty room
You can see right through me
I'm invisible to you

(repeat chorus)
