

Hang Up Your Stockings

Once a year at the end of December
Santa Claus comes around
With gifts and things all the kiddies will remember
He'll visit everyone in town

He'll bounce and bump
Down the chimney he comes
As he goes his merry way
He'll shout and sing
For the joy brings
If you listen you will hear him say

(chorus)
Hang up your stockings (Hang up your stockings)
Hang up your stockings (Hang up your stockings)
Hang up your stockings on Christmas eve
'Cause Santa's on his way

He'll bring the kiddies something to remember
52 weeks of the year
If you're not good and you're not together
Santa's sure to hear

Get ready for bed
He'll be comin' soon
With a sleigh and reindeer too
Oh you know once you settle down
He's gonna be good to you

(repeat chorus)

He'll bounce and bump
Down the chimney he comes
As he goes his merry way
He'll shout and sing
For the joy brings
If you listen you will hear him say

(repeat chorus)
