

# Hoochie Coo

Midnight, big city  
Decked out like a movie star  
So tight, so pretty  
My luck's lookin' good so far  
Red lips, sweet body  
Come on baby let's rock n' roll  
One kiss, get ready  
One thing that I gotta know  
Yeah, are you're thinkin' what I'm thinkin' too  
How's about a little hoochie coo

One look, it's wicked  
You're diggin' me as far as I can tell  
I'm hooked, let's kick it  
I'm down with your magic spell  
You're right, I'm crazy  
Crazy about the way you groove  
So smooth, pretty lady  
Now's the time to make your move  
Yeah, are you're thinkin' what I'm thinkin' too  
How's about a little hoochie coo

(chorus)

All of these intentions running through my naughty mind  
Are way too hot to mention  
Baby please pick up the signs

(repeat chorus)

You're right, I'm crazy  
Crazy about the way you groove  
So smooth, pretty lady  
Now's the time to make your move  
Yeah, are you're thinkin' what I'm thinkin' too  
How's about a little hoochie coo  
Yeah, are you're thinkin' what I'm thinkin' too  
How's about a little hoochie coo
