

Hope And Gasoline

Small town country girl left home
Left the only world she'd known
Heart was racing, she was chasing
Down her sleepless dreams
When the light came on for hope and gasoline

Underneath the stars she cries
Less than fancy car she drives
Wants to tell a Cinderella pumpkin carriage dream
But the light came on for hope and gasoline

(chorus)
Nobody said things come easy
When you're tryin' to get somewhere
Down the road, don't turn back
Just fill it up with one more dream
When the light comes on for hope and gasoline

Gonna be a star someday
Everyone will know her name
Frantic crowds will gather 'round
Her long black limousine
'til the light comes on for hope and gasoline

(repeat chorus)
