

I Only Write The Songs

I had all these plans
To find the words to say
To make this world a better place
Without being too cliché
Melodies start dancing in my mind
So I mix them up with memories and rhyme

Listen to me
And I will sing to you
If it brings a smile
The song will sing through you
Because a smile is all I've wanted all along
It's the perfect ending to the song

(chorus)
Will you follow me to nowhere
Sometimes nowhere is the only place to go
But if you come with me I'll promise you
Our story will be told
I'll do the best I can until the day I'm gone
I don't make the plans
I only write the songs

These words are not my best
When criticized by art
I was trying to be clever
But they wound up from the heart
The crazy thing is that's the irony
I'm right where I hoped that I would be

(repeat chorus)

Will you follow me to nowhere
Sometimes nowhere is the only place to go
But if you come with me I'll promise you
Our story will be told
I'll do the best I can I can promise this
It might not change the world
A song is all it is
