

If I Lost You

Girl if you leave me
You know I'd die
Nothin' means nothin'
If you ain't by my side
You are the one thing
I really need
But if you tell me that you ain't needin' me

(chorus)
I'd be out in the cold
I'd be out in the rain
I'd be feeling the worst kind of heartache and pain
I'd be walkin' alone through a lifetime or two
Honey I'd be lost if I lost you

We've been together
For way too long
For you to not tell me
What's goin' on
Do you still want me
Or should I go
'Cause if I do I just want to let you know

(repeat chorus)
