

# It Ain't Easy

(Moses walked down from the mountain  
With the power of truth in his hands)  
But it took him 40 years out there wanderin'  
Lookin' for the promised land

(chorus)  
'Cause it ain't easy (To get your grace)  
No, it ain't easy (To get your grace)  
You got me talkin' in tongues  
So when the kingdom comes  
Won't you let me in your pearly gates

(Noah said cry me a river  
When the water washed over the sand)  
You know he built that boat all on his own  
And locked the doors when the flood began

(repeat chorus)

(A shepard walked out to the desert  
When the devil said listen to me)  
But then he turned his cheek when he went to speak  
He said now devil won't you let me be

(repeat chorus)

Here I am beggin' for mercy  
Tryin' the best that I can  
(You shoulda known better than to do me wrong  
So I hope you're a prayin' man)
