

Just A Memory

A goodnight kiss, before we'd dream
Seems so ordinary now
Remember when it used to be
Somethin' we couldn't live without
The world keeps turnin'
But it keeps turnin' the wrong way

A gentle touch, a little smile
Once made everything O.K.
Now not so much, it's been a while
Since we've been on the same page
My heart is broken
It's breakin' more every day

(chorus)

We could say goodbye a thousand times before we go
But with each word we slip farther away
If I could hold you one more time I'd never let you go
Don't slip away, don't slip away
Think about you and me
Before we're just a memory

Drivin' by your old place
Can't help but stop and stare
I can almost see your face
But there's just an empty chair
How'd this happen
It's not where I wanna be

(repeat chorus)

The way we loved, the way we laughed
The way we kissed, remember that?
The night we spent on that train
The time we danced out in the rain
The days we'd sleep until noon
The funny voices that we'd use
We felt the sun, we felt the wind
I could give you that again if you'd let me
Baby open up your arms and hold me please
Before we're just a memory, before we're just a memory
