

Keep On Running

You've got that distant look in your eye
Your getting' ready to say goodbye
So baby don't explain
I've heard it all before
I'll just escort you out that door

You say the road keeps calling your name
You're torn between the pleasure and pain
Though a part of you wants to stay
Your restless heart makes you run away

(chorus)
Keep on running
Chasin' a dream
Keep on running
'Til you run back to me

You've got your car all ready to go
Give me a call in a week or so
And if you're feeling lonely at night
Some other arms can hold you tight

And I'll be there in the back of your mind
You'll see my face in every highway sign
'Cause everybody needs a friend
And that's why you keep running back again

(repeat chorus)
