

## Means the World to Me

Darlin' there's a million stars hangin' in the sky  
Underneath there's millionaires who love what money buys  
But no treasure can compare to the woman that I see  
You're the only one in this world who means the world to me

(chorus)

Now I don't want to possess you  
Angels need to spread their wings  
I just want the chance to love you  
No matter what life brings  
You're the only one in this world  
Who means the world to me

Diamonds sparkle like a fire but their as cold as glass  
The beauty of a crimson sunset always fades to black  
Only love is everlasting, only you can fill this need  
You're the only one in this world who means the world to me

(repeat chorus)

You're the only one in this world who means the world to me
