

Puzzled

Puzzled

I'm feelin so puzzled
'Cause your trouble
You're nothin' but trouble
I should know better
Baby I should know

Lightenin'

You're like a ball of lightenin'
'Cause you're frightenin'
So beautifully invitin'
I should take cover
Before I lose control

(chorus)

'Cause I've seen your type a time or three
You play real nice then turn and bite me
Understand, I don't wanna be in pieces again

Baffled

I'm feelin' all baffled
'Cause your mouth's full
Of things that make doubtful
I should know better
Baby I should know

Sweetpea

If I called you sweetpea
Would you meet me
Meet me in the middle of forever
Or is this just for show

(repeat chorus)
