

# Right Now

Right now I'm seein' things clearly  
I've done a lot of searchin'  
Down in my soul  
And right now I'm wakin' up early  
Startin' my journey  
On a different road

Right now I'm not worried about the future  
Tryin' to find the answers is wastin' my time  
Back then if I'd done things a little different  
Wouldn't be in this position stuck in rewind  
It's not easy to change  
But people change everyday

(chorus)  
Sometimes the world breaks down  
And spins our heads around  
Yesterday has come and gone  
Sent away with lonely songs  
But we can turn this around  
You and me, Right now

Maybe it was too little too late  
You said you needed your space  
And I got lost in mine  
Baby, I'm standin' here now  
Both feet on the ground  
And my arms open wide  
Tell me you want it too  
Oh what more can we lose

(repeat chorus)
