

Shadows

Good things take time
But great things will crash on you like a wave
When you're lookin' away
Feel the waves crashin'
Leaving only the next one that's in line
Is this one mine
Take a look around you
Where do you want to be
What will it take 'til you get there
Don't be afraid to bleed

(chorus)

Don't waste your life followin' shadows
You're only gonna find that they disappear in the night
Enlighten your shallows
Before your fascination dies
Just to say you tried

Dig a little deeper
Listen to the voice behind the face
It all has its place
Funny how things work out
Our perspective changes with the tide
Drownin' your pride
Take a look around you
Where do you want to be
What will it take til you get there
Don't be afraid to bleed

(repeat chorus)

(bridge)

Hope is the only motivation
Keep lookin' and it's what you're gonna find
Give in to your determination
Just to say that you tried
Take a look around you
Where do you want to be
What will it take til you get there
Don't be afraid to bleed
