

# Shake It Down

Now is the time  
To get up on your feet  
Now is the time  
To feel that funky beat  
Jump in the line  
Let it all hang out  
We're gonna shine  
The groove is all around  
Don't you fight the feelin' get on out on the dancefloor  
We'll boogie 'til the mornin' and we'll still be wantin' more

(chorus)

When we're blinded by the night and the music hits just right  
Shake it down (Shake it down tonight)  
When the groove is spinnin' 'round and we get lost in the sound  
Shake it down (Shake it down tonight)

You're gonna find  
Feelin' is believin'  
Feelin' the vibe  
That you can't live without  
We're gonna fly  
Dancin' on the ceiling  
A rhythm ride  
To the other side  
Don't you fight the feelin' get on out on the dancefloor  
We'll boogie 'til the mornin' and we'll still be wantin' more

(repeat chorus)

Shake it to the left, Shake it to the right  
Shake it up top, Shake it down behind  
Shake it with your hands, Shake your hands high  
Shake it how you like, Shake it down tonight

(repeat chorus)
