

Smile

Hello friend, here I am
Good to see you once again
As I stare at the reflection of my ego
What is that that you say
Is today their time to change
Why now when they can wait until tomorrow

(chorus)

Am I wrong, are they right
Is my soul as black as night
Cause I stabbed the hand that held me in denial
Pages turned, bridges burned
And the only lesson learned
To run for the hills, or to dust off your cannons
Or do what you're told and just smile

My white flag stained with red
All because my mercy bled
My sympathy now seems to be forgotten
Take a breath, is it mine
Only I can heal your mind
Old remedies mere memories of dissentient

(repeat chorus)

Please excuse my intents
To disturb your innocence
Your naivety is soon to be demolished

If to smile is what you choose
Then it's time to light your fuse
And fire a shot right into your thoughts
And fire a shot right into your thoughts
And fire a shot right into your thoughts
And fire a shot right into your thoughts
And fire a shot right into your thoughts
And fire a shot right into your thoughts

(repeat chorus)
