

Stranger To The Sun

The lights of the city
Just like a fire that keeps the day awake
Keepin' me up from my sleep

The nights have no pity
They're whispering for me to come and play
Oh, but I just want to sleep

(chorus)
Lately I've become a stranger to the sun
These days the nights are all I know

The lights turn way down low
The lights turn way down low

The shading of spaces
I can only see in clouds of grey
Trippin' up my head

The trading of faces
All I can do to keep the guilt away
Is crawl out of this bed

(chorus 2)
Lately I've become a stranger to the sun
These days the nights are all I know
I'll do what I can do before the sky turns back to blue
These days the nights won't let me go
