

# The Moon

Here we are all alone now  
Shadows in the moonlight  
Don't worry 'bout tomorrow  
Right now it all feels so right

We're both lost in this feeling  
And it's pure paradise  
Put your lips up to mine dear  
Come closer and close your eyes

(chorus)

We're on top of the world  
Swingin' from the stars  
I'll never let you go  
Once I gotcha in my arms  
Ain't no stoppin' us now  
It couldn't happen too soon  
Whoa kiss me tonight baby I'm gonna give you the moon

So let's slow down this moment  
And make each second last  
There's no time left for thinking  
Who cares what's in our past

Two hearts beating together  
As your lips press to mine  
I can promise forever  
Our love is gonna shine

(repeat chorus)

Whoa kiss me tonight baby I'm gonna give you the moon  
Come on baby now kiss me tonight  
I'm gonna give you the moon
