

Thrill

Gripping the bars as the barreling cars
Lead to what's not in sight
Up then back down, getting thrown all around
Watching the track ignite

Twisting and turning, almost crashing and burning
Falling farther from the light
Like it or not, if we stop we will drop to the eternal wicked night

Don't look back, don't look back at all
Or you will crash, you will crash and fall

(chorus)
Life is just like a long roller coaster ride
Ripping the sky on a twisted slide
There's no turning back
no matter how hard you try

Gasping for air, seems like nobody cares
They don't and they never will
Screaming for help while your helping yourself to a helping of one more thrill

Catching your breath as your staring at death
You know it's only a matter of time
What have you won when the ride is all done
Did you ride with your hands held high?

Don't look back, don't look back at all
Or you will crash, you will crash and fall

(repeat chorus)
