

Today

Wakin' up to a new day
Seein' things in a brand new way
Goin' places I've never been
Hand full of aces, I am sure to win

(chorus)

The sun keeps shining in this heart of mine
The road I'm taking is a straight line
These magic moments will never fade
Feels like my life got started today

Wakin' up to a new day
Seein' things in a brand new way
Going places I've never been
Hand full of aces, I am sure to win

(repeat chorus)

(bridge)

These new beginnings
I'm always winnin'
Feels like my life just got started

(repeat chorus)
