

Unknown Artist

I look around but what I see is not myself
What have I become
Was me but now it seems I've become somethin' else
And it's only just begun
Through the air, into your mind
An endless space without a place in time

(chorus)
Lost without a home
Whoa, I'm only music
Til our thoughts are one
And I'm you just for a moment

Silent melodies without a place to go
Until you turn me on
Stuck inside forever singin' the same show
Long after I'm gone
Through the air, into your mind
You're out there listenin' to me inside

(repeat chorus)

Not a person, not a face
I'm just an unknown artist
I take the credit for the thoughts you thought you made
Pick me up and dust me off cause I ain't leavin'
You can turn me off but I'll just pop back in your head

You're gonna hear me
You're gonna feel me
I'm gonna move you
Away we go, away we go, away we go

Through the air, into your mind
An endless space without a place in time

"When music was born you were given no choice but to play, sing, and listen to me your lover, your conscious, your thoughts, and your voice"
