

Wait

We, we're right where we should be
It's perfect, can't you see
But all along I've been wondering, wondering what it was
What it was that brought us here
Now it's just as clear as a sunny day with a rain cloud in my rearview mirror
The right place, the right face
But the timing's all fucked up and it sucks
Cause it's just my luck
Is this the way it always has to be

(chorus)

I don't want to have to rush this life of mine
I'll just take it one day at a time
We're just in time to be a little bit too late
Think I'll hurry up and wait

Life, life is what it is
A game of hit or miss
And all along I've been striking out swinging for the fence
Now we finally scored, now we can't ignore
That we finally found what we didn't know we were looking for
The right place, the right face
But the timing's all fucked up and it sucks
Cause it's just my luck
Is this the way it always has to be

(repeat chorus)

I don't want to have to rush this life of mine
I'll just take it one day at a time
We're just in time to be a little bit too late
Think I'll hurry up and wait

I'm just gonna hurry up and wait, I'm just gonna hurry up and wait
I'm just gonna hurry up and wait, I'm just gonna hurry up and wait

The right place, the right face
But the timing's all fucked up and it sucks
Cause it's just my luck
Is this the way it always has to be
