

Zero To Sexy

It's been way too long I've been cruisin' down lonely street
I've been lookin' for a girl like you to occupy my front seat
You'll be my hot rod baby, my shotgun girl
C'mon and scoot a little closer, let me rock your world
I'm all revved up b-b-b-b-baby, you're drivin' me wild

(chorus)

We'll go from zero to sexy in nothin' flat
(Zero to sexy in nothin' flat)
Once you give me the green light baby
There's no turnin' back
(Once you give me the green light there ain't no turnin' back)
I would crash, I'd burn
I'll do whatever it takes
You've got some dangerous curves and I got no brakes
We'll go from zero to sexy in nothin' flat

Let the good times roll, I'm gonna take control of the wheel
Just lean back baby let me show you how love should feel
You send chills a racin' up and down my spine
I wanna feel your warm red lips on mine
C'mon baby let's get this show on the road

(repeat chorus)

I would crash, I'd burn
I'll do whatever it takes
You've got some dangerous curves and I got no brakes
We'll go from zero to sexy in nothin' flat
We'll go from zero to sexy in nothin' flat
