

A Million Roads

On the road, I don't know where to go
But I know that I'm going away
Out of gas, make it last
Drivin' fast from the past
To a brand new day
I look around as I slow down
I'm not afraid
Of my current situation
I don't have an explanation
But I'm reachin' for a reason today

(chorus)

Hold on, watch where you're goin'
There's a million roads
And a million miles to see
Stuck in a moment
Right now this moment is the perfect place to be

Put my thumb in the wind
Shiny car let me in 'bout a mile out of town
Sarah Jane was her name
Man I'm sure glad she came
'Cause the rain poured down
We talked and talked
We laughed a lot
We passed the town
Now the rightful explanation
To our current situation's
In a fairytale that we just found

(repeat chorus)

(bridge)

Now I keep tryin' to find the road I'm gonna take
No matter which way I turn, a lesson learned
My conscious swerves, the rubber burns
Got no time to waste

Who would have thought that getting lost could bring me home
