

Beautiful People

Beautiful, beautiful people all gather around
Beautiful, beautiful voices that don't make a sound
They're dancing but the music's not heard
They're singing without saying a word

Beautiful, beautiful faces with nothin' to say
Beautiful, beautiful places for all them to stay
They're drinking all the finest champagne
I'm drowning in an ocean of vane

(chorus)

Where sampled music fills tobacco air
Plastic sweat rolls off their platinum hair
Where am I right now I have no name
This frequency is spinnin' through my brain
Oh yeah, but something 'bout it's turnin' me on
It's like I'm in a whole other song
Let me out, let me out

Beautiful, beautiful lady who dances alone
Beautiful, soft spoken whisper that invites me home
We're leaving all the chaos behind
I'm wondering will she always be mine

Beautiful, beautiful lies her lips said to me
Beautiful, perfect disguise was not what it seemed
Now I'm here wondering where she has gone
I'll find her right back where she belongs

(repeat chorus)
