

Blue Paper, Blue Ink

Rain on my window
A chill in the air
Reached out this mornin'
But she wasn't there
So I stumbled out of bed to take a look around

I kept hopin'
My suspicions were wrong
But then I noticed
All her things were gone
I knew I lost my whole world when I found

(chorus)
Blue paper, blue ink
A goodbye note that she wrote just for me
Guess she used blue 'cause she knew that's what I'd be
Blue paper, blue ink

(repeat chorus)

A few simple words
Can change so much
That's all she wrote
Now our love
Is just a page in history
Blue paper, blue ink
