

# Candy Apple Cadillac

I've waited all year for Christmas  
I've been nice to everyone  
So Santa won't you grant me just one wish?  
I left you out some cookies  
And a shot of whiskey too  
This year there's just one thing on my list

(chorus)

Santa bring a Cadillac  
I'll help you put it in your sack  
I'll give you all the other presents back  
It's all I need  
If you bring me one I guarantee  
That I'll shine it up twice a week  
You can park it in the cul-de-sac  
Hey Santa bring a two-tone leather seat  
Candy apple Cadillac

Now I don't want a fancy sports car  
And a Chevrolet just won't do  
Tell the elves to double check your sleigh  
You've got flyin' reindeer  
But give me them horsies under my hood  
So we can race down Main Street U.S.A.

(repeat chorus)

If you bring me one I guarantee  
That I'll shine it up twice a week  
You can park it in the cul-de-sac  
Hey Santa bring a V8 turbo engine with the 4 gear  
Choptop, chromed out, fuzzy dice on the mirror  
Hi-fi Stereo, plenty room in the back  
Two-tone leather seat  
Candy apple Cadillac

Oh, Santa please, that's what I need  
Maybe throw in some of them white wall tires while you're at it
