

Done

Well it's lookin' like I'm gonna start drinkin' again
Made a big full circle now I'm out on a bend
Penny for my thinkin', sippin' five dollar wine
Been a real good boy for a real long time
Now I'm done (Done) I'm done (Done)

Like an ol' freight train I'm a ready to run
Poppin' champagne bubbles on the tip of my tongue
Tonight we're getting' loud with a big rebel yell
Got a one way ticket for a holiday in hell
And I'm done (Done) Oh, I'm done (Done)

It feels good getting' back in the race
Revvin' up the rowdy in the whole damn place
Chasin' every hunny bunny down the ol' fox hole
No more angel on my shoulder keepin' me in control
'Cause I'm done (Done) Yeah I'm done (Done)

(chorus)
C'mon, c'mon, c'mon
We're all goin' crazy and you're comin' along
C'mon, c'mon, c'mon
Tonight's about whiskey, women, and song

Long haired, good lookin, cookin' somethin' sweet
You know with legs like that you give off a lotta heat
I kept my rocket in my pocket now you opened the door
Kept my mind off you but I can't no more
I'm done (Done) Oh baby I'm done (Done)

Don't you pointin' that finger unless you wanna fight
I don't need your permission to party tonight
Lightin' up the gasoline on the dancehall floor
By the time I'm through with you well you'll be beggin' me for more
'Cause I'm done (Done), Oh, I'm done (Done)

(repeat chorus)
