

Finish Line

Every day
Every day I try to live my best life
But it gets harder all the time

I've got faith
And I pray to do what I know is right
Always searchin' for a sign

(chorus)
One thing I know
Is I must go to the finish line
And if I do
Make it through to the other side
Then I'm gonna shine

Not a tear
There's not a tear that I've got left to cry
Oh no, these tired eyes have dried

I've been blessed
And I know that I was born to fly
I'm gonna fly way up to the sky

(repeat chorus)
