

Happy

By now, you're probably havin' a good time
Completely erased me from your mind and your happy
And by now, I hope you're finally feelin' free
Become the one you want to be and you're happy

(chorus)

Me, I'm kinda feelin' sad
That I let it get so bad
But I've got to say, I'm happy if you're happy

By now, you're getting' ready to go out
Show this town what you're about
They're gonna love you
They'll say, they never met no one like you
"We should meet for coffee soon"
That's what they'll say

(repeat chorus)

(bridge)

Whoa, I'm learnin' to let go slowly

By now, I think it's time that I move on
I'm sure you're already gone and you're happy
Finally, it's become so clear to me
I remember how to breathe and I'm happy
I'm happy if you're happy
So bye now
