

# Never Mine

Drifting further  
Hiding all my empty love  
Waiting, wishing  
For a sign from up above  
There's nothing left to say  
There's too much in our way

Chasing sunlight  
'Cross a cold and lonely sky  
Searching, hoping  
But I can't find that goodbye  
There's nothing left to say  
There's just no other way

(chorus)  
So hard we've tried  
So many times  
I can't take back  
What once was never mine

Maybe one day  
We will both see eye to eye  
Trying to keep you  
In my heart but not my mind  
I'll learn to let this go  
How? I still don't know

(repeat chorus)

(bridge)  
I'm out here all alone  
A million miles from home  
You know I'd walk the whole way back down on my knees

There's nothing left to say  
There's nothing left to say
