

Reputation To Ruin

The nice guy's gonna finish last
It happens everyday
Sweatin' bullets behind their mask
When trouble comes their way
I've taken it for far too long
Now I'll tell ya what you gotta know
I won't live like some pin cushion
I'm a bomb and I'm gonna blow

(chorus)

I'm out on the town
A bad boy on the loose
Lawd all mighty I gotta Reputation to Ruin
Now you better step back
'Cause I gotta Reputation to Ruin

Throw the cards on the table
This time I'm riskin' it all
Let it go, let's find out where
All the chips are gonna fall
When they say I'm beaten so bad
That's when I'm doin' it right
I ain't got no time for nothin'
But a big ol' party tonight

(repeat chorus)

When you're stuck in a rut
At the bottom of the bin
Goin' 'round and 'round in circles
And nobody gonna let you in
I've taken it for far too long
Now baby there's one thing you gotta know
I ain't livin' like some pin cushion
I'm a bomb and I'm gonna blow

(chorus)

You can kiss my ass
'Cause I gotta reputation to ruin
