

# She's Gone

She had the sweetest smile I had ever seen  
She had me wrapped around her finger like a ring  
I'd have done anything  
She meant the world to me  
Now I can't believe  
She's gone

It feels like the rains of pain have washed my world away  
Tryin' to find myself lost in yesterday  
All I can do is pray  
We'll meet again someday  
It's really hard to say  
That she's gone

(chorus)  
Was it something I did wrong  
To make her go away  
Or something that I should have done  
To make her stay

I should be over her, it's been a long, long time  
No matter what I do she's always on my mind  
It's so hard to sleep at night  
With all the tears in my eyes  
She's no longer mine  
She's gone

(repeat chorus)

She had the sweetest smile I had ever seen  
She had me wrapped around her finger like a ring  
I'd of done anything  
She meant the world to me  
Now I can't believe  
She's gone  
No, I can't believe she's gone  
I can't believe that she's gone
