

Starshine

Let's take a walk when the sun goes down behind the waves
Look to the ocean and listen to the song it plays
In my arms you will hear a symphony
Red wine (Red wine), starshine (Starshine)
Every time that you're with me

We'll slip away and we'll be alone behind the moon
We'll kiss and hug, we'll leave our love out to bloom
Tonight is lost in ecstasy
Red wine (Red wine), starshine (Starshine)
Every time that you're with me

(chorus)
And if tomorrow mornin' we wake up
And find ourselves fallin' out of love
Just remember that we'll have a different light
When it turns into the night

(repeat chorus)

I may not have the finer things like a millionaire
But what I do have I'll spend it all on this love affair
With all my heart, my soul, my destiny
Red wine (Red wine), starshine (Starshine)
Every time that you're with me
Red wine (Red wine), starshine (Starshine)
Every time that you're with me
