

Walk Away From Me

My mind is all I've ever known
My heart let you into its home
Now I'm crowded standing alone

My feet are planted on the ground
My head is dancing in the clouds
I hear your name when there's no one around

(chorus)

How'd you get inside my head
I can't shake you
Was it something you did, was it something you said
How'd you break through
Walk away from me, walk away from me
Walk away from me, walk away from me

These days I'm not sure where to go
Beneath the sun I still feel cold
Losing all my self control

I've lost all sense of who I am
Where did this start, how will it end
You hold my world in the palm of your hand

(repeat chorus)

Walk away from me, walk away from me
Walk away from me, walk away from me
