

# Ringin' My Bell

Baby that magic you're workin' on me  
Could make a grown man fall to his knees  
When you turn on your heater girl you set me on fire  
You're my one and only, you're my heart's desire  
I fell (Fell), under your spell (Spell)  
Ding dong, you're ringin' my bell

Now baby I'm knockin' up on your door  
Let me come inside, you got me beggin' for more  
Hey hunny bunny when you squeeze me tight  
You're blowin' my mind just like dynamite  
I fell (Fell), under your spell (Spell)  
Ding dong, you're ringin' my bell

Baby when you do what you do to me  
Got me spinnin' around, knock me off'a my feet  
Now my whole body's shakin' and I can't see straight  
Baby hurry on over ol' Frankie can't wait  
I fell (Fell), under your spell (Spell)  
Ding dong, you're ringin' my bell

I fell (Fell), under your spell (Spell)  
Ding dong, you're ringin' my bell
