

2020

I raise a glass to better days, who'd have ever known
We'd see history be made from locked inside our homes
There is a presence in the air demands 6 feet apart
School is closed and shelves are bare. and this was just the start
(Don't go out the monster will getcha)
Can't run, can't breathe, can't hide
(Just stand still and do what they tell ya)
It's no good outside

(chorus)

Hey, another drink is what I need
Gonna lather, rinse, repeat
Tryin' to wash away the trouble
Hey, my only guarantee is a shot of Jim Beam
And tonight I need a double
Hey, please be kind, let's rewind
Is this even real life
Hey, turn back time, we've all gone blind
2020 got me like...
Whoa oh oh oh oh oh – nah ni nah nah, nah ni nah nah
Whoa oh oh oh oh oh – nah ni nah nah, nah ni nah nah

I raise my voice in hope of change, marching down the street
Behind a mask feeling deranged, the innocent now bleed
Poisonous authority, the streets are all on fire
With no Justice there's no peace, the flames keep growin higher
(Don't go out the monster will getcha)
Can't run, can't breathe, can't hide
(Just stand still and do what they tell ya)
It's no good outside

(repeat chorus)
