

# Dizzy Walkin'

The world is spinnin' like my drunk head in the night  
Seems like there's no end to this in sight  
Dizzy walkin' and I'm slippin' off the side  
All I can do is hold on tight

(chorus)

It's a real bad sign  
When the wine won't work no more  
It's about damn time  
That a clear mind stumbled through my door

Dizzy walkin' and our heads are in a haze  
Nobody seems to know the way  
So confusing and diluted in this place  
Lord take me back to my normal daze

(repeat chorus)

Time keeps flyin' by but I'm here standin' still  
Will things change? I hope they will  
Red and white every night, still got more to fill  
Dizzy walkin' into a buzzkill

(repeat chorus)
