

## '57 Chevy

She got those high heels  
That shiny lipstick on  
Her fingers twirlin' my dice  
She'll rev your engine  
Get'cha hot and ready  
Then she'll keep you waitin' on ice  
She wants a man who can hold her tight  
Get her motor purrin' just right

(chorus)

Slide over here in my '57 Chevy  
Roll down the windows, turn on the radio  
Let's get nasty to a little Chuck Berry  
I'll show you Rock n' Roll

I'll be your rebel baby  
You'll be my movie star  
James Dean and Marilyn Monroe  
Step on the gas  
Burn a little rubber  
It's time to get this show on the road  
Not too fast baby, not too slow  
Now don't you make my engine blow

(repeat chorus)

Pick a spot in the parking lot  
Climb on in the back and baby show me what you got

(repeat chorus)
