

Deeper Than Skin

Here we go again no baby, chillin' here in the front seat
You got your arms around me, I couldn't ask for more
Don't need to rush it's alright, let's get to know each other
We'll take our time tonight, there ain't no one keepin' score
I got your number baby, you got my number baby
So I was thinkin' maybe, that we could let it all out
I know this might sound crazy, but I've been thinkin lately
There ain't nobody around

(chorus)

Let's not get deeper than skin
you know you want it baby, I know you got it baby
Your touch just makes me crazy, tell me would it be a sin
To hold your body closer, I'll turn the lights down lower
Won't let these feelings sneak in, let's not get deeper than skin

Let's start from the top now baby, work our way down real slow
I've been into you lately, feels like a private show
Take a chance on me now lady, I can promise a good ride
It could be amazing, let's just lose all track of time
I got your number baby, you got my number baby
So I was thinkin' maybe, that we could let it all out
I know this might sound crazy, but I've been thinkin lately
There ain' nobody around

(repeat chorus)

I like this feeling baby, you like this feeling baby
Let's keep it goin' maybe, and we could figure it out
I've been feelin' crazy, But I can't help it baby
Let's sneak away from the crowd

(repeat chorus)
