

# Doublin' Down

We're at it again in 110  
And the fire's just startin' to burn  
There ain't no keepin' us down in this neon town  
We've been waitin' for our turn  
Gonna roll the dice and go all night  
Ready for my lucky roll

(chorus)

Vegas, oh we're doublin' down  
Vegas, yeah we're doublin' down

Well it's a party in the desert, we never felt better  
The city lights gonna shine  
Gonna run into the fire, the stakes are getting' higher  
We're bigger and better this time  
We won't let it slip out of our fingertips  
Gonna cash in the chips that we've earned

(repeat chorus)
